PUBLIC UTILITY DISTRICT NO. 1 OF CHELAN COUNTY

ADDENDUM NO. 3

BID NO. 19-65

Rock Island Powerhouse 1 Gate Slot Support Ledge Rehabilitation

TO ALL BIDDERS:

The following modifications to the proposal documents for the above named project as originally issued on January 9, 2020, and amended on January 27, 2020 and January 30, 2020, are hereby incorporated into said documents and shall be fully considered in preparation of proposals.

INSTRUCTIONS TO BIDDERS are modified as follows:

ITB-1 – RECEIPT AND OPENING OF BIDS

Delete: Bids will be publicly opened and read aloud at 2:30 p.m., Pacific Time, February 19, 2020 (Opening Date).

Insert: Bids will be publicly opened and read aloud at 2:30 p.m., Pacific Time, March 25, 2020 (Opening Date).

ITB-2 – MANDATORY PRE-BID MEETING

Replace ITB-2 with revised:

The first mandatory pre-bid meeting will be held at Rock Island Dam on January 21, 2020 beginning at 1:00 p.m., and the second mandatory pre-bid meeting shall be held on March 18, 2020 beginning at 1:00 p.m. The Work includes limited access to the work area, limited area to perform the Work, and varied conditions of the slots to be rehabilitated. Additionally, there are site specific hazards and limitations that cannot be conveyed through the Specifications alone. Attendees will meet at the Rock Island Engineering Services building on the Douglas County side of the Dam located at 1050 State Route 28, Rock Island, WA 98850, where a brief meeting will be held before proceeding to the work site. For security purposes, on-line registration for the pre-bid meeting is required. All attendees must register on-line at http://clio.chelanpud.org/cf/pcs_bids/index.cfm?event=Invitation&invitationID=19-65 by 1:00 p.m. on January 20, 2020 (for the first mandatory pre-bid meeting), and by 1:00 p.m. on March 17, 2020 (for the second mandatory pre-bid meeting). IMPORTANT: Any contractor/vendor business not pre-registered for the pre-bid meeting will be denied access to the hydroelectric project. Valid photo identification...
should be carried for potential verification with meeting registration list. Personal Protective Equipment (PPE) is required at this location in order to attend the site. The following PPE is required to be used by all attendees: shirts with sleeves and full length trousers, sturdy leather footwear, eye protection and hard hat.

Bidders who attended the first mandatory pre-bid meeting on January 21, 2020 are not required to register for and attend the second mandatory pre-bid meeting. Further, any Bidder who properly registers for and attends the second mandatory pre-bid meeting will satisfy the District’s requirement for attending a pre-bid meeting/site visit.

EXHIBITS are modified as follows:

**EXHIBIT S – SPECIFICATIONS**

**Section 03 60 00 – Grouting**

- Insert the following to the end of Item #3.2:
  
  G. Non-shrink grout shall be used in areas that are well confined – 1. Between the ledge beam and existing concrete, 2. Between the bottom of the leveling plates and existing concrete.
  
  H. Structural repair grout shall be used for the remaining areas, e.g. repairs to the deteriorated concrete, to be placed level with top of rail leveling plates.

**Section 05 50 00 – Miscellaneous Metalwork**

- Remove Item #2.2 B in its entirety and renumber the Item #2.2 C accordingly.

- Replace Item #2.6 C with revised:

  The use of the slotted hole AISC requires thicker washers in lieu of standard washers. Washer material shall be F436

- Replace Item #3.1 I with revised:

  All welding shall be inspected by a Contractor-provided inspector qualified in accordance with AWS QC1 requirements and approved by the District. It is acceptable that all welding be inspected following completion, and prior to galv/coating, by a CWI in accordance with AWS QC1.
**EXHIBIT T – CONTRACT DRAWINGS** is modified as follows:

Replace the following Drawings with the revised which are included in this Addendum as Attachment No. 1.
