TO ALL BIDDERS:

The following modifications to the bidding documents for the above named project as originally issued on February 4, 2020, are hereby incorporated into said documents and shall be fully considered in preparation of proposals.

This Addendum will edit the Specification, Specific Requirements for Completion Schedule, and insert additional information into Exhibit V – Additional Information.

Please note attendance at the Pre-Bid Meeting is mandatory.

EXHIBIT S – SPECIFICATIONS

Section 012001 – Measurement and Payment

Part 3 – Execution 3.01.C.2, in the third sentence, insert:

The inspections shall include observations, measurements, sketches, photographs, **sonar survey**, and/or video of the void and adjacent areas.

Part 3 – Execution 3.01.E.2, replace definition for Description with:

Description: Placement of grout will be measured per CY, as measured within the void located below the bottom of the tremie concrete footing to a vertical neat line at the perimeter of the exposed face of the footing, and placed against the existing subgrade as installed and accepted. Work includes placement of permanent grout as required to complete the installation as specified.

SPECIFIC REQUIREMENTS

SR-2 COMPLETION SCHEDULE

Edit third sentence, third paragraph:

In-water work is required to be completed by **April 30, 2020**.
Contractor shall demobilize from the Project site by May 8, 2020.
